

### *ERRATUM*

In “Comparison of Variance and Covariance Patterns in Parallel and Serial Theories of Timing” by J. Gibbon and R. Church (*JEAB*, 1992, **57**, 393–406), an error exists in a formula in Table 3 (page 403). The correlation for  $s_1$  and  $d$  for the quasi-serial model in the lower right corner of the table is in error. The second factor under the radical should be  $h^2$  instead of  $i^2$ .
